**Dear Vincent,**

**I just wanted to write & thank you for producing our local leaflets for the London team of the PDS. They have been very well received and look very professional – thanks to your art work and creative design.**

**I will be contacting you in the near future to once again ask you for help in producing our area News Letter. I am still receiving compliments on the last one. The finished result was a transformation of the draft which I brought in to you.**

**Thanks so much for your reliability, creativity & advice.**

**Best wishes**

Hi Vincent,

**REDBRIDGE AID GOLF SOCIETY (RAGS) ANNUAL GOLF TOURNAMENT**

The quality of the design work that went into producing some of the adverts for our brochure in addition to the quality of stock that our brochure was printed on was very high - we were very satisfied with the end product as a result.

I also found Anita and Vincent to be both helpful and professional to work with during the production of our brochure, where they even went that extra mile to hand deliver the brochures themselves.

Thanks,  
Ellisa

Dear Vincent,

I would like to take this opportunity to thank you for the excellent print work you have provided for me on several occasions.

It has always been of the highest quality but I was best impressed in the "speedy" way you resolved and rectified an unfortunate error in my business card.

I would like to recommend your business to all in need of quality print at a good price.

With kind regards

Dear Vincent,

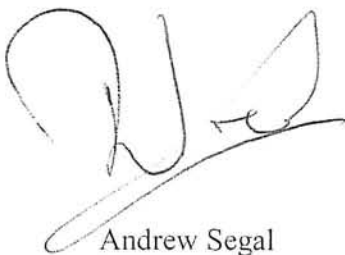

I think it's high time you were complemented on the quality of your service, your commitment to giving the customer value for money and the benefit of your expertise.

The other day when we were both in a hurry, you hung on in the your shop for long enough to advise on suitable frames for some snapshots of the family; frames which are going to look outstanding when completed. You've recently printed headed notepaper for me, and it looks excellent.

Assistance with picture framing you've carried out for me and my wife in the past has produced results admired by all who have seen them.

Altogether you provide a top class service and are a pleasure to work with.

Kind regards,

## Testimonial for Speedprint.

I am writing this testimonial for the excellent work that Vincent Goode of Speedprint carried out whilst producing my letterheads.

Vincent responded to my request for a printing quote efficiently and accurately. I was provided with two competitive quotes based upon the method of printing that I wanted to choose and he also indicated which would provide the best results. And he guided me on the paper quality.

Although I supplied the artwork in a workable format Vincent Goode asked that I supply the original artwork in order to make sure that the printing was given the best possible start to ensure the best possible result and he queried the colour output on my document as this varied slightly from my business card and he wanted to ensure that it was correct.

Not only was the printing then carried out to a high standard but the finished product was of excellent quality as can be seen on this letterhead.

Speedprint's work with my letterheads in turn will assist me in my own business as I now come across as a professional and competent company.

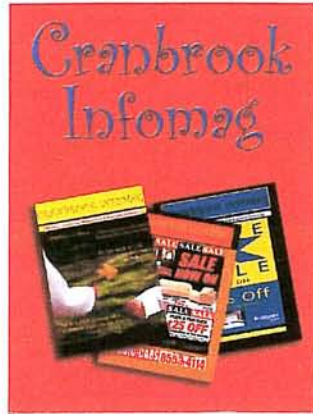

I would recommend to anyone requiring printing work to use Speedprint. Thank you for the work you have done and I look forward to working again with you in the future.

Dear Vince,

**Business Cards**

I am writing to tell you how impressed my clients have been with the cards recently produced for me. Without exception they have all said how impressed they are by look and feel of the cards and the professional manner in which the contact details were set out. Since using them I have attracted 5 new clients generating @ £5k worth of business not a bad return when you consider the fee for the cards.

Thanks again

Yours sincerely

Dear Vince

Once again I'm putting pen to paper to thank you for another fabulous printing job, delivered with your trademark speediness...!

I asked you at very short notice to print me some leaflets about Stopping Smoking using Hypnotherapy, in time for the ban on smoking in public places on 1<sup>st</sup> July this year, and with your usual professionalism, you produced the finished article ahead of schedule.

I know you get embarrassed at receiving testimonials, but I guess the only way to avoid them in future is to stop doing such a great job...!

Vince, I would have no hesitation in recommending your personal, friendly, efficient service, and price competitive printing, to my friends, family and colleagues.

Kind regards

Mandy Alderslade
