**Grow your  
business  
locally!**

*Eppnet Business Networking is a local group of like-minded people who meet on a weekly basis to promote their businesses and help to generate business for each other.*

*Our meetings are a great way to market your new or existing business and create opportunities through networking with other local business people.*

*The group offers members the opportunity to share ideas, exchange contacts & business referrals with fellow members to allow your business to grow and move forward.*

**To join us at one of our meetings  
or to view our members' profiles,
